I. Background

Pursuant to the Illinois Insurance Code (the “Code”), the Director of Insurance of the State of Illinois (the “Director”), is appointed as Conservator, Rehabilitator or Liquidator of domestic insurance companies that have been determined by the state courts to be insolvent or to meet provisions or grounds for conservation, rehabilitation or liquidation as specified in the Code. The Director, as Conservator, takes possession and control of the insurance company for the purpose of determining its condition. The Conservator maintains possession and control of the company until the court vacates the seizure order, either when the Director determines not to institute proceedings against the insurance company for rehabilitation or liquidation or upon court order pursuant to conservation proceedings. As Rehabilitator, the Director conducts the business of the insurance company and implements a plan of rehabilitation, if feasible. As Liquidator, the Director marshals the assets of the insurance company and liquidates such assets as appropriate, while managing the business and affairs of the company as approved by the state courts, including the payment of court approved creditors’ claims.

The Director is empowered by the Code to appoint a Special Deputy as the Director’s agent to supervise the conservation, rehabilitation or liquidation of the insurance companies. The Office of the Special Deputy Receiver (the “OSD”), an Illinois not-for-profit corporation, supports the activity of the Special Deputy acting in that capacity to manage the affairs of insurance companies placed in conservation, rehabilitation or liquidation (each an “Estate” and, collectively, the “Estates”). The activities of conservation, rehabilitation and liquidation are conducted at the OSD located at 222 Merchandise Mart Plaza, Suite 1450, Chicago, Illinois 60654.

II. Objectives

The OSD employs a conservative investment strategy with respect to the Estates’ assets. The OSD maintains separate custody accounts for each of the Estates it currently manages and invests those assets solely in short term government and government agency bonds. When the OSD is assigned a new Estate, the Estate’s portfolio is liquidated and reinvested in short term government or government agency bonds. Total assets of the Estates as of December 31, 2011, were approximately \$155 million. This amount fluctuates periodically, increasing as new Estates are assigned to the OSD and decreasing as Estate assets are distributed.

The OSD is seeking to engage an established and experienced investment management firm (“Firm”) to manage the assets of the Estates. The OSD Procurement Policy necessitates that this engagement be rebid after a period of not more than five (5) years. Accordingly, the award of

contract will consist of an agreement for an initial term of one (1) year with OSD options for four (4) one (1) year renewals. The services to be provided by the Firm would include the following:

- A. Entering into an Investment Management Agreement (“IMA”) that contains substantially the same material terms as the IMA attached hereto as Exhibit A;
- B. Assistance with drafting Investment Guidelines for the management of the Estates’ accounts similar to those incorporated as Schedule 1 of the IMA attached hereto as Exhibit A;
- C. As an investment fiduciary, providing discretionary fixed income management of the Estate’s assets using a short-duration plus strategy; and
- D. As needed from time to time, liquidating securities held by new Estate assignments and transferring cash and liquidation proceeds to the Estates account.

XVI. Minimum Qualifications Criteria

All proposals will be reviewed to determine whether a Firm meets the minimum qualifications and requirements in each category as specified below. Failure to meet the minimum criteria will result in the rejection of the Firm's proposal. All criteria for meeting the Minimum Qualifications should use data as of September 30, 2011 unless specified otherwise.

Investment Professionals

1. The Firm must be directly responsible for the management of the Trust and all personnel responsible for the account must be employees of the Firm.
2. The Firm must manage a minimum of \$1 billion dollars using fixed income investment strategies.

XVII. Proposal Evaluation Criteria

The OSD intends to enter into an institutional Investment Management Agreement ("IMA") with the selected Firm in substantially the form attached hereto as Exhibit A. ***Any material changes to the IMA that your Firm would require must be submitted with your Firm's initial proposal.*** The OSD intends to select the Firm that, in the OSD's opinion, best meets the responsiveness

and price criteria described below. However, this RFP does not commit the OSD to select or enter into a contract with any Firm, and the OSD reserves the right to reject all proposals. The OSD will use a committee to review and evaluate proposals. We will make all decisions based upon compliance, evaluation, terms and conditions, and shall make decisions solely in the best interests of the OSD and the Estates we administer.

Evaluation of Compliance

The OSD will determine whether the proposals comply with this RFP. Failure to meet the requirements set forth in this RFP, in whole or in part, will affect our evaluation.

Evaluation of Responsiveness

The OSD intends to use a point ranking system to aid in the evaluation process and reserves the right to use its discretion to eliminate proposals deemed unacceptable. We intend to consider and use information supplied in the proposals and, with respect to a Firm's family of mutual funds, the average Morningstar rating of those funds.

We will separately determine how well proposals satisfy the RFP objectives in terms of responsiveness, and we will rank proposals, without consideration of price, using a point ranking system. The OSD may contact references during this portion of the evaluation.

The OSD will determine whether any failure to supply information, or the quality of the information provided, will result in the downgrading or rejection of a proposal. Firms whose proposals meet minimum responsiveness requirements will be eligible for further consideration in the next phase – the evaluation of fees.

Evaluation of Fees

The OSD will rank proposed advisory fees on a relative basis. We will calculate fees based upon the Firm's applicable fee rates, plus any fixed fee proposals and mutual fund fees and expenses. When a proposal includes a range of fees, we will use the highest fee in that range. The OSD reserves the right to disqualify proposals having fees that appear unrealistic or significantly understated for the services offered.

Evaluation score

Proposals will be evaluated and ranked both exclusive and inclusive of price.

The evaluation score will be an average of the individual scores awarded by the OSD based on the staff's evaluation of a Firm's compliance, responsiveness and fees, each as outlined above. These three categories shall have an equal number of points available, which means that they are equally important. The scores will depend on actual point values established by the OSD's staff in its sole discretion.

Alternative Evaluation

If three or fewer proposals are received, the proposals may be evaluated using simple comparative analysis of the elements of responsiveness and price, instead of the method of evaluation described above in this Section XVII of the RFP.

XVIII. Standard Terms and Conditions

The OSD recognizes that although it is a private not-for-profit corporation organized under the laws of the State of Illinois, its activities are assigned by the Illinois Director of Insurance acting in the capacity of statutory and court-affirmed Receiver of insurance companies. The OSD further recognizes that its representation of the Director of Insurance, as Receiver, arises from the powers of attorney given by the Director to the Special Deputy who also fills the positions of President and Chief Executive Officer of the OSD. Accordingly, it is the policy of the OSD not to contract with any person or entity that is in violation of the laws of the State of Illinois or is barred from contracting with the Illinois Department of Insurance, under Illinois Public Act 095-0971, or otherwise. OSD Requests for Proposal and resulting contracts (including the IMA) require purchaser compliance with state law.

All proposals must state that they remain firm for 60 days from opening.

This RFP does not commit the OSD to select a Firm or enter into a contract with any party. The OSD reserves the right to rescind or revoke this RFP prior to the execution of a final IMA by the OSD. The OSD may in its sole discretion: reject a proposal if it is non-responsive or non-compliant with the requirements set forth in this RFP; or waive minor discrepancies in any proposal. All materials submitted in response to this RFP shall become the property of the OSD and will not be returned.

The OSD reserves the right to reject all proposals; to reject individual proposals for failure to meet any requirement; to award by item, part or portion of an item, group of items, or total; and to waive minor defects. We may seek clarification of the proposal from you at any time, and failure to respond is cause for rejection. Clarification is not an opportunity to materially change the proposal. Submission of a proposal confers on you no right to an award or to a subsequent contract.

The RFP process is for the OSD's benefit only and is to provide the OSD with competitive information to assist in the selection process. All decisions on compliance, evaluation, terms and conditions will be made solely at our discretion and made to favor the OSD.

You may submit your proposal by mail, courier service, or hand-deliver. We do not allow computer, fax, or other electronic submissions. We must actually receive proposals as specified. It will not be sufficient to show that you mailed or commenced delivery before the due date and time. All times are State of Illinois local times.

The content of a proposal submitted by a Firm is subject to verification. Misleading or inaccurate responses will result in disqualification.

Proposals become the property of the OSD and these and late submissions will not be returned. Your proposal will not be confidential, unless you request in your proposal that we treat certain

information as proprietary. We will not honor requests to treat entire proposals as confidential or proprietary. You must show the specific legal grounds that support an assertion that specified material in your RFP is proprietary. Regardless, we will disclose the successful firm's name and the fees, and in presenting a petition for approval of the award by the Circuit Court of Cook County, Illinois, the OSD and the Director, as Receiver, reserve the right to disclose the names of all firms that submitted a proposal, and copies of all such proposals. If you request confidential treatment, you must submit an additional copy of your proposal with proprietary information deleted. This copy must tell the general nature of the material removed and shall retain as much of the proposal as possible. You agree the OSD may copy the proposal to facilitate evaluation and any necessary court approval. You warrant that such copying will not violate the rights of any third party.

The OSD reserves the right to request best and final offers from final qualifying Firms. However, Firms should not expect that the OSD will ask for best and final offers and must, therefore, submit their best offer.

Firms must be prepared for the OSD to accept the proposal as submitted, but IMA contract negotiations may be necessary or desirable, at the OSD's sole option. If negotiations do not result in an acceptable IMA, the OSD may reject the proposal or revoke the award and may begin negotiations with another Firm. Final terms of the IMA must be approved or signed by the appropriately authorized OSD official(s) and approved by the Circuit Court of Cook County, as required by statute.

We will post a notice to the OSD Web site, www.osdchi.com, identifying the selected Firm (the "Awardee"). The notice extends the proposal firm time until we sign an IMA, including the obtaining of any required court approval(s), or determine not to sign a contract.

If you are the Awardee, you shall not commence, and will not be paid for any services rendered prior to the date all parties execute the IMA, unless approved in writing in advance by the OSD's Chief Executive Officer and either the Purchasing Party or Procurement Officer.

This RFP and the resulting IMA are to be governed by the laws of the State of Illinois. Changes in applicable laws and rules may affect the award process or the resulting IMA. Firms are responsible for ascertaining pertinent legal requirements and restrictions. Any and all litigation or actions commenced in connection with this RFP will be brought in the Circuit Court of Cook County, in Illinois. We do not allow binding arbitration.

All fees paid under the IMA negotiated with the Awardee are subject to review pursuant to the provisions of Section 202 of the Illinois Insurance Code, 215 ILCS 5/202. In the event that any fees paid to your Firm for services are subsequently disallowed by one or more of the courts supervising the Estates administered by the OSD, your firm agrees to promptly reimburse the Estate(s) from which those fees were paid.

retention decision made on behalf of CLIENT. A violation of this policy may lead to termination of this Agreement.

8. DURATION AND TERMINATION. This Agreement shall continue in effect for no more than five (5) years, with an initial term of one (1) year and a CLIENT option for up to four (4) annual renewals. This Agreement may be terminated by either party by giving to the other party notice in writing. After written notice from INVESTMENT MANAGER to CLIENT of INVESTMENT MANAGER's election to assume such defense, INVESTMENT MANAGER shall not be liable to CLIENT for any attorneys' fees or other expenses of litigation incurred by CLIENT for any attorneys' fees or other expenses of litigation subsequently incurred by CLIENT in connection with such defense unless and to the extent (i) such expenses were incurred with the written consent of INVESTMENT MANAGER; or (ii) CLIENT has obtained a written opinion of counsel that there exists a conflict of interest between INVESTMENT MANAGER and CLIENT with respect to the defense of such claim or that there are one or more defenses available to CLIENT that are unavailable to INVESTMENT MANAGER (in either of which cases INVESTMENT MANAGER shall not have the right to direct the defense of such claim on behalf of CLIENT).

D. No party shall settle any claim without the prior written consent of the other party, which consent shall not be unreasonably withheld. If CLIENT does not agree with the decision of INVESTMENT MANAGER to settle, terminate, compromise, appeal or otherwise dispose of such litigation, CLIENT, for its own account and at its own expense, may elect to pursue the litigation in a different manner upon written notice to INVESTMENT MANAGER; provided, however, CLIENT shall continue to be entitled to be reimbursed under this section by INVESTMENT MANAGER up to the amount which INVESTMENT MANAGER is willing to pay pursuant to any proposed settlement, compromise, award or other disposition and any costs incurred by INVESTMENT MANAGER under this section for the account of CLIENT or by CLIENT up to such point in the proceedings.

SCHEDULE 1

INVESTMENT GUIDELINES

1. **Objective**

The primary investment objective for the investment of the Estate's assets is to preserve principal. Short-term liquidity of the Trust's investment portfolio (the "Portfolio") and high credit quality of the investments in the Portfolio is paramount to the client. Within these constraints the investment manager of the Portfolio (the "Manager") should attempt to achieve a reasonable return. The Manager intends not to invest in instruments that are subject to volatility that are likely to cause the market value of such instruments to differ significantly from their amortized cost. Investments should be made only after giving full consideration to the short-term liquidity, high credit quality, and interest-rate sensitivity requirements of the Client.

2. **Credit Quality**

a. For government and agency securities:

Rating requirements shall not apply to securities and instruments issued or guaranteed by the U.S. Government, its agencies or its instrumentalities.

b. For investments with a final maturity of one year or less:

At the time of purchase, all securities or instruments shall carry a program or instrument rating of, or be issued by an issuer whose existing comparable short-term debt obligations have a rating of, as follows by at least 2 of the following NRSROs: P__ or higher by Moody's Investor Services, Inc. (Moody's); A__ or higher by Standard & Poor's Corporation (S&P); and D__ or higher by Duff & Phelps (D&P); provided, however, that a security or instrument that, at the time of issuance had a maturity of more than one year and that, at the time of purchase has a final maturity of one year or less, may be purchased if such security or instrument satisfies the rating requirements set forth below.

c. For investments with a final maturity greater than one year:

At the time of purchase, all securities or instruments shall carry a program or instrument rating of, or be issued by an issuer whose existing comparable long-term debt obligations have a rating of, either A__ or higher by Moody's or A or higher by S&P. In no case shall any rating be B___, or lower.

d. Downgrade Policy

Once made aware, the Manager and the Client's chief financial officer ("CFO") shall review securities that are downgraded subsequent to purchase below the minimum quality rating by any one of the three named NRSROs, in the case of a security that originally qualified under A.,1., above, or one of the two NRSRO's, in the case of a security that originally qualified under A.,2, above, to determine a plan of action. A strategy of immediate divestiture of a downgraded security may, in many instances, be an inappropriate action and result in a very substantial opportunity cost to the Portfolio. There can be mitigating circumstances, such as very short maturity, that could provide a compelling case for holding the security. Such consideration will be reviewed on a case by case basis with the outcome being a documented plan of action established by the Manager and the CFO.

e. Money Market Mutual Funds

The Manager shall purchase shares of a money market mutual fund only if such shares would qualify as a "First Tier Security" within the meaning of Rule 2a-7 under the Investment Company Act of 1940, as amended (the "1940 Act"). The selection of money market mutual funds shall be reviewed and evaluated at least quarterly for suitability.

3. Maturity and Liquidity

a. Weighted-Average Portfolio Maturity (WAM) of the Portfolio shall not exceed ___ days. Except as otherwise provided below, the WAM shall be determined in accordance with the provisions of Rule 2a-7 under the 1940 Act applicable to money market mutual funds.

b. There shall be a ___ day maximum maturity for all fixed rate securities.

c. A minimum of ___% of the Portfolio must be invested in securities having a maturity of, or be redeemable within, one business day.

d. Securities with short-term ratings of (A-2, P-2 or D-2) will have a maximum maturity date of 30 days.

4. Acceptable Investments

a. Bills, notes and bonds issued by the U.S. Treasury and agencies of the U.S. Government

b. Domestic Commercial Paper, Bankers Acceptances, and Certificates of Deposit

- c. Yankee¹ Commercial Paper, Bankers Acceptances, and Certificates of Deposit
- d. Yankee & Domestic Corporate Notes and/or Medium Term Notes
- e. Money Market Mutual Funds as discussed herein.

5. Unacceptable Investments

With the vast array of securities available, this list is not exhaustive but is representative of the philosophy underlying security selection. The Manager shall not invest in:

- a. Any floating rate security;
- b. Any repurchase agreement;
- c. Mortgage-backed and/or asset-backed securities;
- d. Foreign securities; or
- e. Structured and/or leveraged notes

6. Position Limits

- a. There shall be no limit on securities issued by the U.S. Government, its agencies or its instrumentalities.
- b. Exposure to any single issuer shall not exceed 5% of the Portfolio's market value.
- c. Securities with short-term ratings of less than A-1, P-1 or D-1 by two of the three NRSRO's (S&P, Moody's, Duff & Phelps) will be limited in the aggregate to ___% of the Portfolio's total assets, at the time of purchase.

7. Accounting Methodology

The assets of the Portfolio will be valued on an amortized cost basis.

8. Guidelines/Procedures

These guidelines are intended to be a set of operating guidelines. The Manager will use his best efforts to ensure that any security acquired for the Portfolio fits within the guidelines.

¹ An instrument is a "Yankee" if it is dollar denominated, rated by the major NRSROs and traded in the U.S.
